ANNEXURE-B

Minutes of the Technical Specification Committee Meeting for Finalization of Technical Specification of Drugs floated vide tender no.- BMSIC/DRUGS/19-01 (Tender for rate contract & supply of Drugs for different healthcare facilities of state of Bihar for the year 2018-2020).

Date: 07th March 2019

Venue: BMSICL Conference Hall.

The Technical Specification Committee Meeting for finalization of the specification of the products floated vide tender no.- BMSIC/DRUGS /19-01 was held on 07th March 2019 under the chairmanship of Dr. R. D. Ranjan, Director in Chief, Department of Health, GoB. The other committee members present in the meeting were:

1. Sh. Khalid Arshad, AO, State Health Society.
2. Sh. Rajani Kant, CGM (Supply Chain), BMSICL.
3. Dr. Satish Kumar, Associate Professor, Medicine, NMCH
4. Dr. Rohit Kumar Singh, Associate Professor, Department of Pharmacology, NMCH.
5. Sh. Sunil Kumar Singh, GM (Procurement), BMSICL.
6. Dr. Biswaprakash Pradhan, DGM (Drugs), BMSICL.
7. Sh. Ravi Kiran Rakesh, Manager (Drugs), BMSICL.

During and after pre-bid meeting held on 25-01-2019, various suggestion from prospective Bidders were received. All the received suggestion was discussed in today's meeting. After due deliberations on the points raised in the suggestion/queries received, it was unanimously decided to recommend to make certain amendments and clarification, as given in annexure-I of these minutes of the meeting.

In Essential Drug List- 2018 Book, the strength of Tetanus Vaccine (Adsorbed) Injection is mentioned as 0.5 ml. It is available in pack size of 0.5ml single dose Ampoule as well as in 5ml multiple dose vial. The 5ml multiple dose vial is meant for administration to 10 patients which is quite cheaper than 0.5 ml single dose ampoule. Hence, it is recommended for procurement of 5 ml of multidose vials of Tetanus Vaccine with consent from State Health Society.

The meeting was thus concluded with a vote of thanks.

<p>2</p>	<p>M/s Cotec Healthcare Pvt. Ltd.</p>	<p>Request for amendment in High Price/Low price Clause in Tender We would sincerely like to request you to consider changing the Price Certificate clause in the upcoming drug tenders. As mentioned one cannot quote a lower price during the validity of the R.C. which usually is over 2-3 years. According to this for 2-3 years all our competitors will know that we will not be able to quote a price lower than what we have quoted in BMSICL. Thus, our rate will be open to all and not allowing us to participate in any new tender during our R.C. with BMSICL. Also, every states consumption pattern is different. For Ex. BMSICL might tender a certain product mentioning a Qty of 5,00,000 whereas CGMSCL/TMSCL/UPMSCL/MPPMSCL may tender same product mentioning a Qty of 10,00,000. For any organization a higher quantity would be more feasible both financially and operationally thus they will be able to quote a lower rate in the corporation which has higher quantity. Kindly also consider the fact that Raw Material/API fluctuation in the industry can be more than 150% - 200% within 10-12 month which is beyond any ones control. By limited us to quote a similar price for two years is not practical. Suggestion: **High Price/Low price Clause in Drug tenders**
 We would humbly like to request you to amend the High Price/ Low Price Certificate clause in the upcoming tenders. There are major issues with this clause such as :

1. As mentioned We cannot quote a lower price during the validity of the R.C. which will not be able to quote a price lower than BMSICL (the rate for which will be known to everyone). By doing so, our rate will be open to all thus not allowing us to participate in any new tender during our R.C. with BMSICL.
2. It is also a well known fact that the Raw Material/ API fluctuation in the industry can be more than 150% -300% within a 6 months time which is in no ones control. By limiting us to quote a similar price for two years in not feasible.
3. Also, every states consumption pattern is different. For Ex. BMSICL might tender a certain product mentioning a Qty of 1,00,000 whereas UPMSCL or MPPMSCL may tender the same product mentioning a Qty of 4,00,000 which usually happens. As a corporate organization a higher quantity would be more feasible both financially and operationally for us thus we will be able to quote a better rate in the corporation which has higher quantity.
 It would be ideal if you can limit the High Price/ Low Price Certificate to the State of Bihar. That we cannot supply at a lower price during the R.C. in the state of Bihar.

c) Only after testing and approval from the respective regulatory authorities, the drugs can be marketed in India.

"However in case of imported blood plasma are already subjected to testing, we request you to kindly exempt blood plasma products from testing deduction of 2% and amend the clause as:

"However, in case of imported items, the quality testing charge will not be detected if the batch is supplied with test report from Govt. Control Laboratory".

Quality Testing Clause 24d:

"A flat 2% of total bill amount shall be deducted from the bills of the supplies drugs toward testing & handling charges of drugs from the suppliers as amended. "

No change as it is predefined in the bid document.

3. Higher price/Lower price Certificate: Annexure VII

We would like to make a submission that:
a) Rubies Immunoglobulin is an imported product and a limited availability product manufacturer across the world.
B) As you may be aware that there has been significant change in dollar exchange rate, which has not only affected but the raw material cost but also the product cost.

Under the above circumstances we are constraint to maintain the pricing as per annexure VII, however we can give a declaration that the pricing would not be more than supply price in the State of Bihar.
